

# TABLE OF CONTENTS

## PREFACE

### CHAPTER 1: Getting Started

Introduction .....	1-1
Do I Need a Permit from the MDEQ? .....	1-2
Where to Get an Application .....	1-6
Application Review Process .....	1-8
Application Review Process Flow Chart .....	1-9

### CHAPTER 2: Filling Out the Application

Overview .....	2-1
Section 1: Project Location .....	2-2
Section 2: Project Description .....	2-5
Section 3: Applicant, Agent/Contractor, Property Owner Information .....	2-6
Section 4: Project Purpose .....	2-8
Section 5: Locating Your Project Site .....	2-9
Section 6: Authorizations Required .....	2-10
Section 7: Project History .....	2-11
Section 8: Public Notification .....	2-13
Section 9: Applicant's Certification .....	2-14
Section 10: Impacting Wetlands or Floodplains or an Inland Lake or Stream or a Great Lake .....	2-15
Section 10A: Projects Requiring Fill .....	2-17
Section 10B: Projects Requiring Dredging or Excavation .....	2-19
Section 10C: Projects Requiring Riprap .....	2-22
Section 10D: Shore Protection Projects .....	2-25
Section 10E: Docks, Piers, Moorings .....	2-26
Section 10F: Boat Well .....	2-27
Section 10G: Boat Launch .....	2-29
Section 10H: Boat Hoist .....	2-31
Section 10I: Boardwalks and Decks in Wetlands or Floodplains .....	2-36
Section 10J: Intake Pipes or Outlet Pipes .....	2-38
Section 10K: Mooring and Navigational Buoys .....	2-39
Section 10L: Groins .....	2-41
Section 10M: Fences in Wetlands, Streams, or Floodplains .....	2-42
Section 10N: Other .....	2-44
Section 11: Lake or Pond Expansion .....	2-45
Section 12: Activities in that may Impact Wetlands .....	2-47
Section 13: Floodplain Activities .....	2-52
Section 14: Bridges and Culverts .....	2-55
Section 15: Stream, River, or Drain Construction Activities .....	2-60
Section 16: Drawdown of an Impoundment .....	2-64
Section 17: Dams, Embankment, Dikes, Spillway or Control Structure Activities .....	2-67
Section 18: Utility Crossings .....	2-71
Section 19: Marina Construction and Operating Permit Information .....	2-74
Section 20: High Risk Erosion and Critical Dune Areas .....	2-78
Section 21: Designated Environmental Areas .....	2-82

## **CHAPTER 3: Specialized Reviews**

Beach Maintenance (wetlands and Great Lakes) .....	3-1
Conveyances (Great Lakes) .....	3-4
Critical Dune Areas .....	3-5
Dam Safety .....	3-8
Environmental Areas .....	3-10
Federal Section 404 Reviews (Red Files) .....	3-11
Flood Hazard Management .....	3-13
National Flood Insurance Program .....	3-15
Subdivision Floodplain Program .....	3-16
High Risk Erosion Areas .....	3-17
Marina Operating Permits .....	3-19
Public Transportation Projects- Act 51 .....	3-21
Wetland Protection .....	3-23
Wetland Assessment Program (WAP) .....	3-24

## **CHAPTER 4: Additional Supporting Items and Information**

Filing Fees .....	4-1
Parts 301 and 325 .....	4-2
Marina Construction or Expansion under Part 301 or 325 .....	4-2
Marina Operating Permit Renewal or Transfer under Part 301 .....	4-3
Wetlands - Part 303 .....	4-3
Floodplains - Part 31 .....	4-3
Critical Dune Areas - Part 353 .....	4-4
High Risk Erosion Areas - Part 323 .....	4-4
Dam projects - Part 315 .....	4-5
After-the-Fact .....	4-5
Cover letter .....	4-6
Project Narrative .....	4-6
Public Notice format .....	4-6
Letter of Authorization .....	4-7
Vicinity Map .....	4-7
Drawings .....	4-7
Project site plan .....	4-9
Section Views .....	4-10
Photographs .....	4-11
Plan and Copy sizes .....	4-11
Sending Information by E-Mail .....	4-11

## **CHAPTER 5: Tracking Permit Applications, Public Notices, and Public Hearings**

The CIWPIS On-Line List of Applications .....	5-1
The CIWPIS On-Line List of Active Public Notices and Public Hearing Notices ..	5-3
Other Public Notice Opportunities .....	5-5
Additional Assistance contacts .....	5-5

## **CHAPTER 6: EZ Guides**

Beach Sanding .....	6-1
Boardwalks & Platforms .....	6-2
Construction, Filling, & Grading .....	6-3
Dam Projects .....	6-4
Docks .....	6-5

Driveways & Parking Lots.....	6-6
Maintenance Dredging.....	6-7
Minor Bridges.....	6-8
Minor Culverts.....	6-9
Minor Fills in Wetlands.....	6-10
Ponds or Lakes.....	6-11
Seawalls.....	6-12
Spring & Cluster Piles.....	6-13

## **APPENDIX A: Acronyms and Abbreviations**

## **APPENDIX B: Sample Drawings**

## **APPENDIX C: Fees**

## **APPENDIX D: Regulations**

## **APPENDIX E: Glossary**

## **APPENDIX F: Withdrawal Guidance**

## **APPENDIX G: Application Forms**

## **APPENDIX H: Jurisdictional and Other Maps**

## **APPENDIX I: Section 10 Waters**

## **APPENDIX J: Sediment Testing**

## **APPENDIX K: Web Site Links**

## **APPENDIX L: Rich Powers Letter to Consultants re: Adjacent Property Owners**

## **APPENDIX M: Alternatives Analysis**

# PREFACE

The Michigan Department of Environmental Quality (MDEQ), Geological and Land Management Division, Permit Consolidation Unit has developed the “**MDEQ/USACE Joint Permit Application: Training Manual**” based on what we believe are the needs of you, our customers. This guidebook is designed to help citizens, developers, contractors, consultants, city and township planners, engineers, and architects properly complete the MDEQ/USACE Joint Permit Application for purposes of construction, excavation, dredging, and/or fill activities in, on, or near lakes, streams, floodplains, designated critical dunes, designated high risk erosion areas, and/or wetlands. This manual combines guidance material and instructions together into one practical and easy-to-use reference document.

This publication is intended for guidance only and may be impacted by changes in legislation, rules, regulations, and policies adopted after the date of publication. The manual was developed with the assumption that the proposed activity is subject to permit requirements. Some guidance is also provided to determine if the proposed activity requires a permit. This manual may assist the user in meeting requirements established within a broad set of federal and state regulations that apply to construction, excavation, dredging, and/or fill activities in, on, or near lakes, streams, floodplains, designated critical dunes, designated high risk erosion areas and/or wetlands and does not constitute the rendering of legal advice.
